

1st Workshop on Learning Applications, Systems and Technologies

LAST 2024

September 23-25, 2024
Ciudad Madero, México, hybrid modality
<http://last.mozello.site.com>

Held in collaboration with: International Workshop on Artificial Intelligence and Analytics, Eureka 2024 and IEEE Mexican International Conference on Computer Science (Encuentro Nacional de Computación), ENC 2024.

CALL FOR PAPERS

We are proud to announce the first Workshop on Learning Applications, Systems and Technologies and we invite you to submit papers presenting original and unpublished research in all areas related to Learning Applications, Systems and Technologies. Submitted papers can include descriptions of complete, in progress or theoretical research work; case studies, and review papers are also encouraged.

Objective:

The aim of this workshop is to bring together active researchers and students in the field of Learning Applications, Systems and Technologies so that they can:

- present and discuss innovative theoretical work and original applications,
- exchange ideas,
- establish collaboration links,
- discuss important recent achievements, and
- talk over the significance of results in the field to AI in general.

In particular, the workshop aims to provide a forum for young researchers to present their ongoing research.

Topics:

Authors are invited to submit papers presenting original and unpublished research in all areas related to Learning Applications, Systems and Technologies. Suggested topics include but are not limited to:

Affective systems	e-learning	Learning platforms
Assessment systems and models	Extended reality (XR)	m-learning
Augmented reality (AR)	Gamification	MOOCS
b-learning	Immersion in education	Virtual reality (VR)
Big data in education	Intelligent systems	Virtual worlds in education
Computational thinking	Learning analytics	other related topics in
Data mining in education	Learning environments	education

Important Dates:

Submission of papers: **June 3th, 2024**
Peer Review: **June 16th, 2024**
Notification of acceptance: **June 17th, 2024**

Submission of camera-ready: : **August 17th, 2024**
Registration deadline: **August 17th, 2024**
Workshop: **September 23 to 25, 2024**

1st Workshop on Learning Applications, Systems and Technologies

Publication:

Those papers that, after a rigorous peer review process, are accepted for oral presentation at the workshop will be included in the conference proceedings by IEEE in its CPS series. The publication of the proceedings is under responsibility of the SMCC.

Best Paper Award:

For the first time, LAST best paper award (diploma) will be granted by the program committee.

Submission Details:

Interested parties are invited to submit a technical paper written in English in IEEE format. The submissions must not contain authors' names or affiliations. They must not include either any information that may reveal the authors' identities.

Submissions which fail to meet these requirements will be rejected without revision.

Please submit your manuscript (in only PDF format) using CMT platform at <https://cmt3.research.microsoft.com/EurekaENC2024>

Please contact any of the workshop organizers in case you have any doubt or problem with electronic submissions.
