MCPR 2019

11th Mexican Conference on Pattern Recognition

June 26 to June 29, 2019 | Querétaro, México.

TOPICS:

- Computer Vision
- Data Mining
- Natural Language Processing and recognition
- Discrete Geometry
- Document Processing and recognition
- Fuzzy and Hybrid Techniques in pattern Recognition
- Image Coding, Processing and analysis Industrial and Medical
- Applications of Pattern recognition
- Bioinformatics
- Logical Combinatorial Pattern recognition

- Mathematical Morphology
- Neural Networks
- Artificial Intelligent Techniques and recognition
- Pattern Recognition Principles
- Robotics & Remote Sensing
- Applications of Pattern Recognition
- Shape and Texture Analysis
- Signal Processing and Analysis
- Special Hardware Architectures
- Statistical & Structural Pattern recognition
- Voice and Speech Recognition
- Parallel and Distributed Pattern recognition
- Neural Networks and Associative memories

DEADLINE FOR PAPERS SUBMISSIONS: January 29, 2019

All the 10 A4-pages papers will be submitted and presented at the conference in English. All submissions will be peer reviewed for originality, technical content and relevance to the theme of this conference by three members of the Scientific Committee. The final acceptance will be based upon peer review of the full-length paper.

Accepted papers will appear in the workshop proceedings expected to be published by Springer in the LNCS series. Submission implies the willingness of at least one of the authors to register and to present the communication at the conference, if it is accepted.
